Introducing the...

CLEAN PLANET

ENVIRONMENTALLY RESPONSIBLE

Cleaning Product System

Dynasurf
CORPORATION

Clean today...for a cleaner tomorrow!

The DYNA-BLEND™ CLEAN PLANET™ Environmentally Responsible Cleaning Product System is a coordinated system for housekeeping, restroom sanitation, industrial maintenance, and many other cleaning tasks.

Through cutting-edge research and development, these products offer exceptional quality at concentrations that promote source reduction.

DYNA-BLEND CLEAN PLANET Concentrate Product Bottles are labeled for easy identification... whether in use or in storage, you can easily distinguish the right product for the job!

DYNA-BLEND™ CLEAN PLANET™ Environmentally Responsible Cleaning Products are produced without:

- Added Dyes
- Added Fragrance
- Chelating Agents
- Silicates
- Butyl or Glycol Ether Solvents
- Caustics
- Nonylphenol Ethoxylates
- Phosphates

Color-Coded, Bi-Lingual Secondary Labels help keep your facility safe and in compliance.

DYNA-BLEND™ CLEAN PLANET™ CLEANING PRODUCTS

#1 ENVIRONMENTALLY RESPONSIBLE pH Neutral All-Purpose Cleaner

A high performance pH neutral cleaner that is environmentally responsible and made with no phosphates, solvents, or nonylphenol ethoxylate surfactants. Readily biodegradable with no VOC's, no added dyes or fragrance, no silicates, no chelating agents or caustics. Can be used on vinyl, VCT, asphalt tile, as well as terrazzo and other resilient and non-resilient surfaces. Use CLEAN PLANET #1 pH Neutral Cleaner for desks, walls, counters, painted surfaces, finished floors, linoleum, ceramic tile, marble, granite and other natural stone surfaces.

DILUTION RATIO: LOW/HIGH FLOW 1:256

GALLONS YIELD PER CASE: 771

GALLONS YIELD PER CASE: 25

GALLONS YIELD PER CASE: 195

CLEAN PLANET

ENVIRONMENTALLY RESPONSIBLE
Cleaning Product System

The products designated by the Green Seal, Inc. Certification symbol represent cleaning solutions that have less impact on the environment based

on its reduced human and aquatic toxicity and reduced smog production potential. They also exhibit a high level of performance based on independent testing.

To earn this certification, each product must meet environmental standards for their category, proven by intensive evaluation and testing and periodic on-site visits to assure proper compliance. Green Seal standards are set so that they identify the most environmentally responsible products currently available.

Environmental Certification

Presented to

DYNASURF CORPORATION

Green Seal, Inc. certifies that the following products comply with or exceed Green Seal's Environmental Standard for General-Purpose, Bathroom, Glass, and Carpet Cleaners Used for Industrial and Institutional Purposes (GS-37) and are licensed to use the Green Seal Certification Mark:

DynaBlend™ CLEAN PLANET™ pH Neutral All Purpose Cleaner
DynaBlend™ CLEAN PLANET™ Multi-Surface Cleaner with H₂O₂
DynaBlend™ CLEAN PLANET™ Glass & Window Cleaner
DynaBlend™ CLEAN PLANET™ Washroom Cleaner
DynaBlend™ CLEAN PLANET™ Degreaser Cleaner

(Specific pack sizes listed in certification letter)

Certified this 10th day of April, 2006.

Mark T. Petrucci, Vice President of Certification

Based on recent enactment of Executive Orders at the Federal, State (such as the States of New Jersey, Pennsylvania and New York) and Local Government Levels, there is a mandate to purchase and use environmentally responsible alternatives to traditional cleaning products at all government facilities. With upcoming compliance dates on the horizon, now is the time to update your product mix and train your personnel on the use of safe, environmentally responsible cleaning systems to maintain your facility.

The **DYNA-BLEND CLEAN PLANET** program provides you with the perfect offering of products for almost any cleaning need.

EXECUTIVE ORDER NO. 76

WHEREAS, it has been a priority of my Administration to protect the environment and the health and safety of workers and citizens of New Jersey; and

WHEREAS, cleaning products are necessary for maintaining sanitary conditions in State facilities; and

WHEREAS, chemicals contained in certain cleaning products can be released into the environment during normal use; and

WHEREAS, utilizing less hazardous cleaning products in our State facilities and workplaces, and implementing measures to reduce exposure to those products, can minimize harmful impacts to office and custodial workers, as well as improve air quality and reduce water and air pollution;

NOW, THEREFORE, I, RICHARD J. CODEY, Governor of the State of New Jersey, by virtue of the authority vested in me by the Constitution and by the Statutes of this State, do hereby ORDER and

DIRECT:

1. All State departments, authorities and instrumentalities with purchasing responsibility shall procure and use cleaning products having properties that minimize potential impacts to human health and the environment, consistent with maintaining the effectiveness of these products for the protection of the public health and safety.
